Grand Union Republican Meeting.

All citizens of Centre county who are in favor of a wise and economical administration of our State and National Governments, of a Protective Tariff and the encouragement of home industry, of the gradual reduction of the National debt imposed upon us by the slave-holders rebellion, and the maintenance of the National credit and reduction of taxation—of all who are opposed to free trade and repudiation, to paying pensions to the widows and orphans of rebel soldiers, and the assumption of the rebel war debt by the United States Government, of all who are opposed to platforms without principles, and nominations made for the avowed purpose of obtaining power by the sacrifice of principle; in short all who adhere to the party they profess to believe in, rather than desert it for the purpose of attempting to obtain power under false colors, whether Democrat or Republican, are invited to attend a Meeting, to be held at the COURT HOUSE, in BELLEFONTE, ON WEDNESDAY EVENING, AUG. 28TH, 1872, AT 8 O'CLOCK. GENERAL CHARLES ALBRIGHT, of Carbon county, and HON. W. T. HAINES, of Chester county, have been positively engaged, and will be present and address the meeting, together with other prominent speakers.

Let all who are in favor of reaping the substantial fruits of the war, won by our brave soldiers, all who believe that if the Republican principles are right (as they are now admitted to be by our enemies) Republicans can best administer them; all who are opposed to FREE LOVE and AGRARIANISM; all who believe that Horace Greeley's sudden love for the Democratic party, is assumed and not real; all who are in favor of rewarding fidelity, rather than treachery, attend.

A. G. CURTIN.

Every day we are receiving letters of inquiry in regard to what Ex-Gov. Curtin will do when he returns from Russia. Will he favor the election of Greeley or Grant? The last inquiry is from our old friend John Showers, Prarie Home, Ill.

In answer to all these interrogations, we answer, most emphatically answer, for we know wereof we affirm, that Hon. A. G. Curtin, when he comes home, will take the stump for Grant & Wilson. Let this be heralded throughout the land, as Republicans and friends of A. G. Curtin everywhere can rely upon it as being, truthful, certain, sure and unchangable.

Curtin for Greeley! The very idea is preposterous.

IN the early part of the war John Williamson, of the New London township, Chester county, enlisted as a soldier. For years he had not been heard of and was supposed to be dead. Last week he returned, much to the surprise of his friends. After quitting the army he became a sailor, and has visited many distant places.

CENTRE COUNTY.

The Philadelphia *Press* of the 17th inst., under the caption of "The Ring" publishes what it is pleased to term "Correspondence from more than one half of the State" purporting to give "What intelligent and responsible Republicans in thirty-two counties say about the chances of Hartranft," &c. One of these would-be "Responsible Republicans" sends the following from

CENTRE COUNTY.

BELLEFONTE, August 4.—The Republican vote in Centre county for Hartranft will be a short one. I will not say what the figures will be, but he will lose, and the cause of his unpopularity is the suspicion that he is a tool of the Camerons. On the whole, Centre Republicanism is not in a very good shape. A great many good men here are waiting to hear from Andy Curtin. We love Andy, and will follow him, because he never led us the wrong way, and neverwill.

Now we have no hesitancy in saying the "responsible Republican" who communicated the above intelligence to *Forney's Press* is a myth. No Republican who has any regard for truth and veracity would make any such assertion in regard to the condition of the Republican party in this county. We announced the name of Gen. Hartranft as a candidate for Governor in 69, when it met with almost universal favor; and when we again raised his name to our mast head as our choice for Governor in 1872, it was only done at the earnest solicitation of the soldiers and people; and after the fullest and most satisfactory consultation on our part with all the prominent men and leaders of the party here. He was, then, and is now, most emphatically and in the largest sense of the word the first choice of the Republicans of Centre county for Governor. There was no trick in this, and no Ring had anything to do with it, nor could any man or set of men in the county prevented him from obtaining the delegate from this county in the State Convention; simply because, as above stated he was the favorite of the people of Centre.

In view of these facts, we are free to declare that Forney's correspondent, if any such exists, does not know what he is talking about.

Republicanism in Centre was never more united or harmonious than it is at the present time; and we assure our friends throughout the State that Gen. Hartranft will poll the full vote and from 100 to 200 votes ahead of the ticket.

If Forney's correspondence or news from the 37 counties is similar to the above from Centre county, he may as well acknowledge the fact, that it was manufactured in his office, and that Hartranft will be elected Governor by 20,000 majority.

For the REPUBLICAN.

LIBERTY TOWNSHIP, Aug. 16, 1872.

ED. REPUBLICAN:

In a very few days we will be called upon to put in nomination, a suitable person to represent us in the halls of Congress.

The person so chosen should be one well acquainted with our various and important industries, and the manner of best developing and protecting them.

We want a candidate around whom the entire Republican forces can be rallied. And one who possesses the unqualified confidence of his constituents; and in point of ability more than ordinary.

We can say without fear of contradiction, that W. P. Wilson, Esq., is a suitable person. One in every particular well qualified to represent us. Mr. Wilson, is a gentleman well known throughout the State, as one possessing high legal attainments and of irreproachable character.

SUCCESS.

—In digging a well for Dr. Charles Huston, Coatesville, Chester county, when forty feet below the surface the workmen struck a stratum of black swamp mud. In this was found imbedded a piece of wood in a perfect state of preservation. The piece showed no signs of decay, yet from the depth it was found it must have been there for centuries. The water was struck just below this stratum.

—An unaccountable hole in the ground was recently discovered by a Missouri farmer. He dug to the bottom, seventeen feet, and found an acrolite of solid metal of a smooth surface, spheroidal in shape, and the size of a 12 pound cannon ball.

THE second trial of Dr. Schoeppe will commence in Carlisle on the 28th. It is likely to be as protracted as the one which resulted in his conviction of murder, a few years ago.

For the REPUBLICAN.

PHILIPSBURG, August 17, 1872.

MR. EDITOR; *Dear Sir*:—In your last issue, we noticed in addition to your own announcement as a candidate for Congress, the announcement of James Millikin, Esq. Both announcements claim consideration, and either gentleman if nominated and elected would make a good representative. It is of the utmost importance, however, that Centre county presents to the congressional conference a candidate that will rally a little more than the ordinary vote of the county. The situation in the District is such that there will be some chance of Centre county's claims for the candidate being favorably recognized. And in order to strengthen her claims, it behooves us not only to present one of our best men, but also one that is popular and who will rally the support of all classes.

It is necessary that the candidate of the 18th district, be one that will ensure the redeeming of the district from the clutches of the Democracy, that grappled it two years ago. We think Mr. Editor, that we can present the name of a Centre county man, that will be the most available, and the most fit man under the circumstances that the County could present to the Conference.

A man who in our estimation would be the least objectionable, one who is favorably and popularly known throughout the county; one who would command more than the average support of the Republican party of the county, and if nominated and elected, would make a competent able and efficient Legislator and Representative, and is a man whose claims Centre county could earnestly and worthily urge. We name Geo. M. Yocum, Esq., of your town as *the* man, for Centre county to offer to the Congressional Conference.

We are informed direct, that he is willing that his name, shall be presented to our county Convention to be held on Wednesday the 28th inst., as a candidate for Congress, subject to the action of the conference. We hope Centre county will act wisely, and consult especially his own interests and welfare, and confer the honor upon Geo. M. Yocum Esq., With him we think we can secure his nomination, and his nomination will ensure his election, the restoration of the 18th district to her wonted political standard, and the people of Centre Co., and the district have a representative, upon whom they can rely, who will be very able to guard and protect their interests, and by whom they will be honored.

MANY CITIZENS.

THE Pittsburg *Mail* says: Serious trouble is brewing over in the anthracite coal region between the miners and the Reading railroad company, as is known, owns nearly all the heaviest mines in the Schuylkill region, and has the miners almost at its mercy. The indications now are that a general strike among the miners is imminent, owing to the illiberality of the company.—These labor troubles are always unpleasant, but when a great monopoly attempts to oppress its employees the public feeling is with the latter. It is always the way, however, with foreign capitalists, who crush their workmen into the very dust.

The Reading Railroad Company is principally owned by foreign capitalists; they own our Eastern coal mines, and they also own the Democratic candidate for Governor, Charles R. Buckalew.—He was nominated at Reading through the influence of President Gowen, as much because he is an aristocrat and in favor of monopolies, as for the reason that he is an attorney of the company. The workingmen of the Schuylkill Valley will remember Mr. Buckalew on election day, and will give no aid or comfort to any institution that oppresses labor. No workingman can consistently vote for Buckalew, as he is decidedly opposed to giving the right to vote to any but those who are peculiarly intelligent, and a laboring man, in his estimation, has not the requisite intelligence.

IT is reported that Colonel Blanton Duncan, of Louisville, chairman of the Democratic National Executive Committee, has just brought suit in the United States Court against the Chicago *Tribune* for $100,000 damages for alleged libel. Suit is based on an editorial in the *Tribune* of the 10th inst.

THE discovery of immense coal deposits in the mountains in the vicinity of Jacksonville, in the upper end of Dauphin county, is creating much excitement in that locality.

BUCKALEW IN CANADA.

Mr. Buckalew's criminal intercourse with rebel incendiaries and pirates in Canada, was so flagrant and horrible that none were capable of imagining anything more atrocious. And yet his partisans, by attempting to defend his conduct, have deepened his guilt. What answer is it to the charge, "*that a Senator of the United States hastened to a foreign country when his own was bleeding at every pore from a merciless rebellion*, TO HOLD CRIMINAL CONFERENCE WITH THE AGENTS OF THAT REBELLION," to say that he was in Canada in his official capacity? The public intelligence, and the horror this act awakens in every loyal, in every generous breast is insulted by the flippancy of the evasion. If Mr. Buckalew was sent to Canada to examine into the Indian Policy of that British dependency, his business was with the men sent from England to govern the province. No report of Buckolew's visit to these authorities has yet reached us. *But we have a report from the blood-thirsty enemies of his country*—men engaged in employing incendiaries to burn and destroy the property of his own constituents—*that he* did call on them! There is a ghastly sarcasm in the attempted defense of the little Copperhead of Bloomsburg. We naturally are led to suppose that an examination of the Indian Policy of Canada was intended to work out a merciful change in our own Indian Policy. But we find our Senator engaged in counsel with men whose crimes against humanity are a deeper strain than the wildest tales of savage cruelty; men whose hellish conceptions for the destruction of innocent lives and of property in no way available for warlike use, not only violates the harshest rules of war, but would shame the cruelty of a nest of pirates. And yet Charles R. Buckalew *was the* companion in Canada *of these savage villains!*

Not only were these *confreres of Buckalew paying men* to introduce loathsome infectious diseases into the cities of Pennsylvania, but they were employing prowling scoundrels to carry devastation to the homes of the aged, the sick, the babies, the cripples of our densest centres of population *by the torch of the midnight incendiary!*—Money had been paid to one villain to burn steamboats at St. Louis *and they had been burnt!* Another had been paid to do this at Cincinnati, and *"good news was expected shortly from there!"* There has not been a day for thirty years when a fire at the wharves of either Cincinnati or St. Louis could burn a dozen steamboats without burning some owned by those *constituents of Mr. Buckalew who live in Brownsville and Pittsburg!*

And if Mr. Buckalew does not know this the admission would do him some harm even yet. The conclusion is inevitable. Buckalew knew too much then to make a safe Governor now!

THE South Carolina Lunatic Asylum now has within its walls about four hundred inmates, three-fourths of whom are beneficiaries, of which latter class one-third are negroes. At the last session of the Legislature, $80,000—a liberal sum—was appropriated for its support, but not one dollar has been paid over to the asylum for that purpose, and this institution has been carried on by the private credit of a few benevolent individuals.

—The drouth is so great and prevalent over so large a section of country in Virginia, that corn has been brought more than thirty miles to be ground at the mills of Fredericksburg, the mill streams in the upper country having gone dry. The Rappahannock river is also said to be lower than ever before, but we have heard that remark repeated annually for the last three years.

—A pair of horses belonging to Mr. George Stewart, of Washingtonville, N. J., recently died at the respective ages of 32 and 38 years. They had been driven together for 28 years, never being separated. One of them died about three weeks since, and from that time the other gradually pined away until Saturday night, when he also died, evidently from grief.

—John Thompson, who, in company with another man not in custody, committed a burglary in May last, at Phelps' jewelry store, in New York, shot Phelps in the breast, and fired at another man, but missed him, was convicted of burglary in the first degree last week, and sentenced to twenty years at hard labor in the State Prison.

AN APPEAL TO COLORED VOTERS

We call special attention to the following letter of Frederick Douglass in which he appeals to his colored fellow citizens with such direct logic and force that he crushes the life out of the cunning, shallow sophistries with which Sumner and Greeley endeavor to cover their own shame and persuade the race, whose cause they have betrayed, to follow their wandering footsteps:

Colored Fellow Citizens:—In view of the insidious and dangerous advice and counsel of Mr. Sumner, I think it my duty to set forth a few urgent reasons why we, as a race and as fellow citizens, all bound up in the same interest, cannot and should not vote for Greeley and Brown, but that to a man, we should cast our whole weight into the scale for Grant and Wilson.

1st. We in the South have been liberated from slavery by the direct agency of the Republican party. Had Greeley been President instead of Lincoln, we would to-day have been in a worse bondage under the Slave Republic of the Southern Confederate States than ever before. Greeley advocated this policy and did his best to establish the Republic of which slavery was to be the chief corner-stone.

2nd. Our first vote was cast as freedmen for Grant in 1868. Have we been disappointed in the results of his administration? Previous to that period you had no vote. Now we have equal rights (or almost equal rights) with the white race. We can accumulate property as they do; we have the law's protection over us as they have; our marital relations are respected; our wives and children are our own and not the property of others; we can testify in every Court; we have the right if we have the power to have our brethren elected to the Senate and Congress of the country; we are a power that is felt; we hold the balance of power in America; no corrupt or vacillating man can be elected to the Presidential chair unless we consent to vote for him.

3rd. All this has occurred since '65, and chiefly since we cast our vote for Grant in '68. Are we prepared to risk the abandonment of these great privileges and blessings, and vote for a man who believes that any State may dissolve from the Union when she sees fit, or pass such laws as may seem to her best? Are we prepared to vote for the nominees of the Democratic party, whose hearts never have changed towards us, who kept us in slavery as long as they had the power, again would (to say the best of it) do their very utmost to restrict our liberties and oppress us as of old. Mr. Sumner may deceive himself; he cannot deceive us; or, to use the language of the gentleman, Mr. James R. Doolittle, chairman of the convention which nominated Mr. Greeley, one of the objects of the nomination being the "overthrow of negro supremacy." And forsooth, what is this supremacy they so much wish to overthrow? It is simply the cancellation of those ordinary privileges and blessings, enumerated in clause second. We have no supremacy, and never expect to have nor intend to try for.

4th. In conclusion; be not deceived! With Grant, our security is unquestionable; our happiness will be made lasting. With Greeley, we would enter upon a sea of trouble—an unknown and anxious future. Unscrupulous advisers would be his friends. Our old foes would surround him as they even do now; and even if a few staunch friends should endeavor to stem the coming troubles, they would be swept away with the torrent, and the great work of the Republican party prove an abortion. It cannot be that we will send one vote out of our entire midst to help bring about such dire results, and I pray God that, when the time comes, every man of our race will be found true to the cause of human rights to all.

FRED'K DOUGLASS.

Washington, August 9, 1872.

"ONLY a choice between Grant and Greeley!" Is it? But one is the nominee and standard-bearer of the Union Republican party; long united to Republican principles; the foremost leader in sustaining them in the field and in the Cabinet; sustained by and representing Republicanism. The other, whatever he may have been at any time, is the embodiment now of Democratic doctrine and draws his strength from the very classes, north and south, who have been and are the hottest enemies of Republicanism. One rallies the men who fought for the flag on every battle-field of the war; the other seeks those who fought against it and their northern sympathizers. The one has Lincoln's friends for his own, and Stevens' and Stanton's; the other gets his countenance from the Tammany ring. The one is known for a consistent, quite character, that rises to its height when the emergency is most pressing; the other, having changed in politics and associations and left a long record of unaccountable tergiversations, is now claimed by both parties and all interests, and can only be definitely placed as the selected representative of those who have done most to injure the country and who threaten its future tranquillity most. The associations show that there is something more than personal character to govern choice

POLITICAL.

—Brick Pomeroy's *Democrat* has been suspended. His subscribers are, however, just as well served. They have gone over to the New York *Tribune*.—*Toledo Blade*.

—The Okolona (Miss.) *Southern States* (Democratic) says: "We don't count on Banks to do any good until another war gives him opportunity in serving us in the supply department."

—While Sumner counsels the black men to follow him over to the enemy, his new allies in West Virginia are doing their best to pass an amendment to the State Constitution debarring the blacks from all right to hold office.

—The seedy looking chaps who hang around Greeley's headquarters at the Glenham Hotel remind us of the Yankee who had "five outs and one in." *Out* of money, *out* of character, *out* at the heels, *out* at the toes, *out* of credit, and *in* debt.—New York *advertiser*.

—A "reformer" in the northern part of Maine was denouncing the Administration for its defaulters. This aroused a Republican in hearing, who requested the payment of $150, he was obliged to pay for the reformer a few years before as defaulting Postmaster.

—Judge Kelley, of Pennsylvania, in his letter on the present canvass, expresses the opinion of all thoughtful men both in and out of politics, when he says that Mr. Greeley, with Frank Blair on one side of him and Senator Fenton on the other, will be surrounded by the worst men in the country. Happily, the Presidency is beyond his reach, and so the country will be spared such a spectacle at the White House.

—Mr. Sumner boasted that his letter had made North Carolina sure against the Administration. He thought it would divide the colored vote in the middle. If it did, then the Republicans must have gained enormously in the white vote. If it didn't, then the Republicans gained both in the white and the colored vote. Perhaps Mr. Sumner had better write another letter, telling us what he knows about his influence on the Southern elections.

——Gen. A. M. Winn, of California, who has been a strong advocate of the rights of the laboring man for years, and has voted the Democratic ticket ever since the second election of Andrew Jackson refuses to indorse Greeley, and says he will vote for Grant and Wilson. He praises particularly Grant and Wilson's practical effort in behalf of the laboringmen, and instances the President's prompt proclamation that wages should not be reduced because of the reduction in the number of hours.

—As the result of inquiries, says the Boston *Traveler*, made by some of the number, we learn that it has been ascertained that none of the prominent men in the army or navy during the war in this State, are in favor of Horace Greeley, with the single exception of General Banks. Instead of the Republicans losing votes of soldiers by the Greeley movement, it will bring an accession to their ranks of some who are disgusted with the course of the Democratic party, with which they have acted.

——Hon. T. M. Howell, whose name has long been a tower of strength to the Democracy of Western New York, has declared for Grant. He says: "I cannot vote for Horace Greeley as a Democratic candidate for President of the United States. You have been pleased in your letter to give to my action and vote more importance than they deserved; but I do not hesitate to say that, as between Grant and Greeley, whatever influence my action and vote may possess it shall be exerted in behalf of Gen. Grant."

——The Westchester county (N. Y.) *Journal*, a Democratic paper, has placed the names of Grant and Wilson at the head of its columns, and gives the following in explanation of its opposition to Greeley: "He was nominated by trickery, in pursuance of a bargain. In that bargain, fellow-Democrats, we were included; we were bought and sold like cattle, but we are not yet delivered.—We, the thinking, the honest portion, can have something to say in the matter; we can refuse to be made merchandise of; we can assert our inalienable right to be freemen; to think and act for ourselves; refuse to be bonded slaves or serfs; select our own candidates, make our own nominations and elect our public servants not allowing any dictation."

FROM THE BATTLEFIELD.

GOOD NIGHT.

Are you watching for me, darling—are you looking out for me?
Do you think I may be coming by the path along the sea?
My love! with golden tresses and ever-varying cheek,
And the welcome in your glances which your shy lips seldom speak.

I can close mine eyes and see you in the mellow evening gleam,
Your earnest face uplighted by some pure and happy dream;
By the chiming ocean billows in the radiance of the west,
Those busy fingers folded for a little while at rest.

Ah! I see you looking downward at that slender golden ring,
With a quick, faint blush—you prize it, the foolish, worthless thing?
You are thinking of the kiss that dared press your fingers, dear,
I have never touched your lips yet, and I am lying here.

On the field of a lost battle, all, save dead and dying, gone:
A cold slow rain is falling, and the night is drawing on,
Our flag, deep stained with crimson, is wrapped about my arm,
I have saved it with my life-blood through this battle-day's alarm.

My passion has been silent; we have only been true friends,
Thank Heaven we were not lovers! since this is how it ends—
I know your heart is tender, and has given both prayers and tears
To your well-beloved companion, your friend of early years.

May they turn to you in blessings—may my darling never know
A single tear more bitter than those for me which flow!
* * * * * *
Who will tell her of my fate? I am dying here alone,
So yearning for one tender look, one gentle pitying tone!

I thought to bring back honor, and lay it at your feet;
I thought to win a glorious name, and whisper "Share it, sweet!"
But dying eyes see clearly; I never won your heart—
Well, better so, far better—it is easy now to part!

There are many moaning round me, but my wounds have ceased to pain;
I hardly hear the night-wind or feel the chilling rain.
They will find me here to-morrow, and bury me where I lie
In a nameless grave, without a prayer—and I am young to die.

But it must be so, my darling; if you were by my side
You must kiss me a "good-night"—the last before I died,—
Farewell! God shield you, dearest, and sometimes think of me
As you sit in your sunny window beside the sparkling sea!

What Has the Republican Party Done That it Must be Destroyed.

We present herewith a detailed record of the acts accomplished by the Republican party, during the past ten years, in the interest of the American people, for the perpetuation of good government, by maintaining its authority, enforcing its laws, insuring its integrity, and contributing to its prosperity. A careful study of the history thus presented, shows the extent of the labor performed, and illustrates the policy of a rule which can alone carry on free government successfully. Every measure adopted and tested by practical operation, has proven of the highest benefit to the people, whose interests are advanced thereby, and who are realizing by daily results the effects of Republican administration in reduced taxation and increased personal property. It is a record like this, on which the Republican party now rests its claim for popular support, which it will of course receive with increased confidence; as the historic facts therein detailed, are a sufficient answer to the foul falsehoods of the men now engaged in misrepresenting an organization which was instrumental in their accomplishment. After the study of such a record, it is for the people to say whether or not they will give up a rule from which they have derived so many benefits merely to satisfy men who were not permitted to interfere with the administration while it was engaged in this work. A party that has done these things, needs no reformation, and particularly that which is offered by outcast and played-out demagogues, who are best known for their political foulness and personal faithlessness.

RECORD OF THE NATIONAL REPUBLICAN PARTY.

The Republican party of this country, since it became the dominant National party, has made a record which is most creditable to itself and to the country which produced it, a record which we cannot be too familiar with, and which commands the admiration of the civilized world.

A brief review of the principal public measures of the Republican party in the the world-wide interest of civilization, in the promotion of the welfare of the people of this country, in securing the blessings of civil liberty and protection of the enjoyment of natural and political rights of our citizens without distinction of race or condition in life, will present a bright record of facts which challenges the attention and consideration of every one, and will clearly indicate whether the party has been subservient to the interests of the people in the past and should command their confidence and support in the future.

Never, in the history of modern times, did a political party come into power and assume the reins of National Government under more inauspicious circumstances than did the Republican party in 1861. Their President elected by a minority vote, a majority of their members of Congress comparatively inexperienced in the affairs of government, State after State withdrawen from the Union and arming for civil war, the state of government surrounded and largely filled up with a hostile population, teeming with spies, traitors, and deadly enemies, the Government unarmed, its navy scattered to the ends of the earth, its army stationed in small detachments in the most remote and inaccessible territories, its armories robbed and their contents in the hands of the enemies, its treasury bankrupt and with difficulty borrowing money at exorbitant rates to pay the current expenses. This was the condition of affairs on the 4th of March, 1861, when Republican members of Congress, by the authority of the people, took possession of their seats in the halls of legislation, so recently disgraced and vacated by the Democratic allies of treason and rebellion.

The Government called for volunteers, raised and equipped an army to suppress the rebellion, seized upon and held the few remaining forts in the possession of the rebels, united and strengthened the old and created a new navy, built up the credit of the country and provided the means for arming and equipping large armies of volunteer patriots, removed the fetters of slavery from four millions of people and secured the blessings of civil and political equality to the citizens of every portion of the land. It suppressed the most formidable rebellion recorded in History, restored the unity of the nation and formed a better Government, a more perfect union than ever before existed on the continent. Our starry banner which on so many battle fields trailed in the dust, tattered and torn, and drenched in the blood of our patriot brothers and sons, it was instrumental in having it restored to symbolize, not only freedom and equality, but victory over every traitorous foe in the land.

The record of the leading acts and resolutions passed by Congress, furnishes the following data, namely:

July 29, 1861. An act to provide for the suppression of the rebellion against and resistance to the laws of the United States.

August 6, 1861. An act to confiscate all property and to set free all slaves used in aid of the rebellion.

February 19, 1862. An act to prohibit the Coolie trade by American citizens in American vessels.

March 13, 1862. An act forbidding and punishing the return of fugitive slaves, coming into our lines, by naval and military officers.

April 16, 1862. An act abolishing slavery in the District of Columbia.

May 15, 1862. An act establishing the Department of Agriculture.

May 20, 1861. An act to provide for the education for the children of the District of Columbia in public schools; also an act to secure homesteads to actual settlers on the public domain.

May 21, 1862. An act providing specially for the education of the colored children in the District of Columbia.

June 5; 1862. An act to authorize the President of the United States to appoint diplomatic representatives to Hayti and Liberia respectively.

June 19, 1862. An act to protect the property of Indians who have adopted the habits of civilized life.

June 19, 1862. An act abolishing slavery and forever prohibiting its existence in the Territories of the United States.

July 1, 1862. An act to aid in the construction of the Pacific railroad and telegraph line from the Missouri river to the ocean; also, an act to punish and prevent the practice of polygamy in the Territories of the United States, and annulling certain acts of the legislative assembly of Utah.

July 2, 1862. An act donating public land to the several States and Territories which may provide colleges for the benefit of agriculture and the mechanic arts.

July 11, 1862. An act to carry into effect the treaty with Great Britain for the suppression of the African slave trade.

July 17, 1872. An act to suppress insurrection, to punish treason and rebellion, to seize and confiscate the property of rebels, and for other purposes.

September 22, 1862. April 20, 1871. An act to enforce the powers of the fourteenth amendment to the Constitution, to suppress conspiracies of Ku Klux outlaws and protect the loyal people of the South against organized bands of assassins.

During the last decade, and chiefly since the rebel armies surrendered, the National Republicans in Congress have appropriated five and a half millions of dollars for the maintanance of schools, construction, purchase, &c., of school buildings; which money has been expended under direction of the Freedman's Bureau. In addition to this direct aid, under the reconstruction policy of Republican Congresses, a common school system has become part of every Southern State's policy. Hundreds of thousands are new attending schools, where before there was not one.

These are some of the principal acts which the Republican party has embodied in the laws of our land. No better record adorns the brightest pages of the history of any political party which has existed since Governments were established among men. These acts and resolutions have been passed in spite of the opposition of the Democratic party to them. Dark indeed would have been the record of public acts had the Democratic party had the supreme power in the Government during the past ten years. Instead of being a free people and an united nation the demon of slavery would have still held in chains four millions of our people. The burdens of taxation would have been fearfully increased, and the inestimable blessings of civil and religious liberty and general education would have been greatly imperiled if not destroyed, the United States of America would have ceased to exist, and the fairest portion of our land would have been under the control of a foreign and hostile nation.

The record of the Republican party should not be underestimated or forgotten. By the memories of its past deeds of imperishable renown, by the sacred trusts it has fulfilled and pledges it has redeemed by its unequalled devotion to the promotion of the best interests and welfare of the people; let us as a National Republican party, go on in the good work with renewed energy and win new laurels in a succession of victories over Democratic Tammany rogues, Ku-klux outlaws, and all the enemies of good government who rally under the banners of the Democracy.

THE REPUBLICAN PARTY THE FRIEND OF LABORING MEN.

At no time in the history of our government has labor been so well compensated, as since the exercise of political power by the Republican party. At no other time have the laboring masses so greatly influenced and participated in the affairs of government. At no other time have so many laboring men partaken of official patronage and performed so important a part in the making and administration of the laws.

It was in behalf of the laboring classes, that the homestead law was enacted, by which every laborer may enjoy free, his portion of the public domain—the richest patrimony ever possessed by any people—this great boon to labor was persistently withheld by the Democratic party, and was promptly granted by the Republican party.

The Republican party made provision for the construction of the great transcontinental railroad lines, by which the whole great mass of the public domain—more than one thousand millions of acres—has been brought within easy reach of the laboring man.

The Republican party reserved for the exclusive use of the laboring man, the remaining public land in the five Southern land States—more than 45,000,000 of acres—and thus put an end to the land monopoly in those States.

The Republican party extended to the soldiers of the country the right to freely acquire homesteads upon the public lands.

The railroad grants made by the Republican party have been only such as were necessary to open up new sections to actual occupancy by the laboring men, and without which vast tracts of the public domain would have been inaccessible, and consequently worthless to the poor man.

The Republican party has, in its brief career, lifted the labor of the country from actual servitude to the substantial control of the public measures and property, directly affecting the interests of labor.

It has opened to the possession and ownership of labor the whole area of the public domain, except the small portion granted to induce the construction of roads, wherever and whenever, labor may choose to occupy and improve the same, at the merely nominal price of $10 for 160 acres. The extent of this beneficence to labor if fully realized when, by computation, it is seen that there is ample room and space thereon for more than 6,000,000 of families, and 30,000,000 people. What other country or party ever provided homes for all the people?

WHAT PARTY IS TO BLAME FOR HIGH TAXES?

The Daily *Gazette* (Dem.) published at Meridian, Miss., says:

"The 'blessings' the poor man derives from Radicalism can be summed up by high taxes—taxes that rob him of his land, and deprive his wife and little ones of the necessaries of life, &c., &c."

These words from such a source certainly come with rather bad grace, when it is a notorious fact that every attempt made by the Republican members in Congress with a view to reduce taxation in any form has been invariably met by Democratic members with stern opposition.

But in spite of this opposition, in spite of the vast legacy bestowed upon the Republican party in the way of the national debt—for which the Democratic party is directly responsible; besides paying off $300,000,000 of this Democratic public debt, a sum equal to one-eighth of our whole bonded obligations—the Republican party has, by its own strength, stricken from the tax lists over 12,000 articles, thereby repealing direct taxes to the amount of $80,000,000.

SOME OF THE RESULTS ATTAINED.

1st. That in the first two years and one month of the administration of President Grant, there has been an actual reduction of the public debt to the amount $215,675,663.74.

2d. That the annual interest charged to the people has, within the same period, been reduced in the sum of $12,062,997-96, consequently affording permanent annual relief from taxation to that amount.

3rd. That the net gold discount actually realized to the public treasury on the purchase of bonds, by which purchase the debt has been mainly reduced, is $14,585,838.56.

4th. That, in consequence of the measures and policy of the Republican Congress and administration, the public credit, although greatly disturbed by the war, advanced during the period from the early part of the year 1861,) the close of the Democratic administration of President Buchanan,) to March 1, 1869 reaching an aggregate appreciation, as applied to the then existing values and principles of the public debt, of $365,000,000; by the still more efficient administration of President Grant, the public credit as referred to the *now* existing values and debts (April 1, 1872), has been further advanced, within a little less than two years, making an appreciation during this short period, as applicable to the *now* existing debt, of six hundred and fifteen million of dollars; also showing that the appreciation at the close of the last Democratic administration, early in 1861, applicable to the existing values and debt, is eight hundred and sixty-five millions of dollars.

5th. Within the period from March 4, 1861, to April 1, 1871, the appreciation of the national bank currency was twelve (12) per cent., making an aggregate appreciation of $85,000,000, which has accrued to the people in consequence of the advancement of the public credit by the Republican policy.

6th. Reduction of annual expenditures for the fiscal year 1869-70, as compared with the last year of Johnson's administration, $56,532,193.07. As compared with the last year of Buchanan's administration upon the same basis, 36 cents less per capita, estimating the population 40,000,000, making an annual saving of $14,400,000.

7th. The internal taxes and customs duties have, since the close of the war for the suppression of the rebellion, been reduced by the amount per annum of $251,748,827.33.

8th. The postal service has been extended and increased in efficiency, and its comparative expenditures materially reduced.

Having freed millions and made them men, having established equal rights for a continent, having conducted, victoriously, the greatest of wars, having in the administration of finances "trampled upon impossibilities," having solved with foreign powers the greatest diplomatic problem of the age, having rescued and re-created the republic, it remains for the Republican party to keep our country in the forefront of nations.

THE REPUBLICAN FOR THE CAMPAIGN. CLUBS! CLUBS!

We are now about commencing another great battle for the salvation of the Union, and perpetuity of free Government, of Republican Institutions. We have the same enemy to contend against, the same party and faction that trampled the old Flag—the Star Spangled Banner, under their feet in 1861, and that fired upon Fort Sumpter. We punished them then for their treason, we must not permit them now, since they have assumed another shape, to secure through the ballot box, what they failed to secure through four years of bloody war—the dissolution of the Union, and the formation of a Southern Confederacy.

"Eternal vigilance is the price of Liberty." We must be active.

We must be watchful and ever on the alert. We must circulate papers and documents in order that every voter may fully understand the issues and vote intelligently in the approaching fall elections.

To this end we offer the BELLEFONTE REPUBLICAN from the 1st of August to the 1st day of December, 1872—FOUR MONTHS—for 60 cents to single subscribers, or to clubs of FIVE, TEN, TWENTY or more at 50 cents per copy.

Now, let our active energetic friends bestir themselves and send in LARGE CLUBS from every township and Borough in the county. IN EVERY CASE THE MONEY MUST ACCOMPANY THE ORDER. Get up the clubs. Send in the names and money.

OIL City is to have a new hotel four stories high.

THE Middletown Car and Manufacturing Company have just closed a contract for the building of three hundred cars for the Pennsylvania Railroad Company. This is a big contract, and will compel the company to run their factory to its full capacity.

—That was a very discouraging Greeley mass meeting which was gotten up among the Germans of Troy, N. Y. Two men originated it, and about one hundred and fifty Germans gathered. On the Chairman putting the question, it was found, to his great suprise, that every man present, with exception of the original two, was for Grant. The plan of action was slightly modified, and a very enthusiastic Grrnt and Wilson Campaign Club was organized then and there.

CAN THIS BE BEATEN?—The Mauch Chunk *Coal Gazette* says: We know of an iron furnace at which one hundred and eighty-six hands are employed. The manager is a Grant man, and he offers the sum of one hundred dollars for every Greeley man found among his workmen. Just think of this, Republicans! Nearly two hundred workingmen solid in their support for the man who believes in Protection to American Industry. Carry the news to Horace, the (now) leading Free Trader.

TREASURER MACKEY.

A DENIAL OF THE CHARGES THAT HAVE BEEN MADE CONCERNING HIS ADMINISTRATION OF THE TREASURY DEPARTMENT.

TREASURY DEPARTMENT, HARRISBURG, August 5, 1872.—*To the Editor of the Press:*—SIR: The persistency with which you reiterate certain charges affecting my integrity in the management of the State Treasury induces me to think that you credit your own allegations, and to apprehend that you may induce a portion of the public to believe that these charges are founded on fact, to the manifest injury of the public credit.

The charges repeatedly made in your editorial columns and through your correspondents are in substance as follows:

First—That there is a large amount of worthless notes and checks in the vaults of the Treasury—so large that, in the language of an editorial in the *Press* of the 2d instant, "If the Treasury were to be transferred to-day into honest hands, it would be impossible for the Ring, even with all their wealth and resources, to make good all the worthless paper now in the vaults."

Second—That the securities in the sinking fund are used for the purpose of speculation.

Third—That the money of the State is used by Simon Cameron and his son, J. D. Cameron for their own private purposes, or deposited in banks under their control, where it can be made available for their use, and that their names appear on the bond given by me to the State for the faithful performance of my trust.

To all these charges I wish to enter an emphatic denial, and my object in addressing you this note is to invite you and any competent and respectable bankers or business men you may select to make an examination of the condition of the Treasury.

To your first specific charge I answer, that it is not true that there is any worthless paper in the vaults of the Treasury.

To your second charge, that of speculating in the securities belonging to the sinking fund, I answer, that the securities were given by the purchasers of the public works; that they are now and always have been in the vaults of the Treasury; that they are not of a negotiable character, and could not be hypothecated for one dollar, even had I been disposed to convert them to the improper use you allege.

To the third charge—that the Camerons are using the public money immediately or through their banks, and that they are on my bond—I answer that neither General Cameron nor his son have at any time during my administration borrowed a single dollar of the State money, nor have they in any instance attempted to control its disposition; and the only bank having a deposit of the public money in which they are stockholders is the First National Bank of Harrisburg. The amount on deposit in this bank is comparatively small, and less than it was under some of my predecessors. Neither General Cameron nor his son are now, or ever have been, upon the bond given by me to the State, which fact you can easily verify by application at the State Department, where my bond is on file.

By an act passed in 1870 I am required to make monthly reports to the Auditor-General, under oath, showing the several banks and bankers with which the public moneys are deposited and the amount with each. These reports are open for your inspection, together with the reports of the banks, in verification of my statements.

Now, sir, I have entered a specific denial of your allegations affecting my integrity and the public credit.

The vaults of the Treasury are open to your inspection, and I invite you to make good your charges.

Respectfully yours,

R. W. MACKEY.

ON a recent passage of the brig Mary C. Marriner from Portland, Me., to Turk's Island, Captain E. A. Durgin's little son, about five years old, was knocked overboard over the stern. The brig was going four knots at the time, but Captain Durgin was quick enough to seize the end of the main sheet, leap into the ocean, catch the boy, and, holding the rope in one hand and his son by the other, was drawn in over the stern, a distance of fourteen feet from the water, the vessel being in ballast.

STATE ELECTIONS.—The following States and Territories hold their elections before November: West Virginia, Aug. 22; California, Sept. 2; Vermont, Sept. 3; Maine, Sept. 9; Colorado Ter., Sept. 18; Dakota, Indiana, Iowa, Nebraska, Ohio, Pennsylvania and District of Columbia, Oct. 8; South Carolina, Oct. 10. Twenty States hold their State election at the same time as their Presidential, which saves much trouble.

WHEN General Hartranft was nominated, Chas. R. Buckalew said that he "knew him well, both as a public officer and as a man. That, as Auditor General, he had shown himself a most faithful, upright, efficient, and accommodating officer, and would make an excellent Governor."

THE STATE TREASURY.

PRESS SLANDERS—INTERESTING CORRESPONDENCE—A CONVINCING ANSWER.

We publish below a letter from State Treasurer Mackey, and a statement from E. M. Lewis, Esq., Farmers' and Mechanics' Bank, and W. L. Schaffer, Girard Bank, which speak for themselves, in refutation of the *Press's* libels upon the accounting officers of the State.

LETTER FROM STATE TREASURER MACKEY.

PITTSBURGH, June 29, 1872.—*Dear Sir:*—On Monday last a long communication appeared in the *Press* of your city making very serious charges against the management of the Treasury of the State and alleging, among other things, that the securities belonging to the Sinking Fund of the State were being used for the benefit of individuals, and that an examination would prove that there was a large deficiency of the public funds.

Knowing your capability to examine accounts, I have deemed it proper, and herewith take the liberty of asking you, in connection with Mr. Joseph Patterson W. L. Schaffer and A. J. Drexel, to name a day when you can meet me at Harrisburg, and examine the affairs of the Treasury and of the Sinking Fund.

I trust that your engagements will permit you to comply with this request. I can assure you that I shall take it as a personal favor to have you do so. Awaiting your reply, I am

Yours truly,
R. W. MACKEY.

E. M. Lewis, Esq., President Farmers' and Mechanics' National Bank, Philadelphia.

THE REPORT OF MESSRS. LEWIS AND SCHAFFER.

We, the undersigned, at the request of R. W. Mackey, State Treasurer, made an examination of the cash account of the Treasury Department of the Commonwealth of Pennsylvania, early on the morning of the tenth day of July, 1872, at Harrisburg, with the following result:

Amount deposited with 54 banks and bankers in various sections of the State, the several accounts current having been certified to us as of the 9th day of July, 1872, by the proper officers of all, except two suspended banks namely, the bank of Commerce, Erie, and the Venango National Bank, both of which failed prior to 1866	$2,963,159 74
Cash in the drawer	$24,738 95
Check on Peoples' Bank	200 00
Due bill	1,200 00
Advances to June 30, 1872, not yet audited; including bills for printing, salaries, and advances to different Departments of the State Government, &c., for which vouchers were exhibited	$39,819 97
Total	$2,129,118 66

Say two millions, one hundred and twenty-nine thousand, one hundred and eighteen 66-100 dollars, which corresponds with the balance sheet taken from the books of the Department on July 9, 1872.

We also, at the same time and place, examined the following described bonds of the Sinking Fund Department, viz.:

Bonds of the Pennsylvania Railroad Company, 4 bonds, Nos. 42, 52, 62, 72, each $1,000,000 is	$4,000,000
16 bonds, Nos. 17 to 32 inclusive, $100,000, is	1,600,000
1 bond, No. 75 for $300,000, is	300,000
Total	$5,900,000
Bonds of the Allegheny Valley Railroad Company, guaranteed by the Pennsylvania Railroad Company the Northern Central Railroad Company, and the Philadelphia and Erie Railroad Company: 35 Bonds Nos. 1 to 35 inclusive, for $100,000 each, is	$3,500,000
Total of Bonds in the Sinking fund Department	$9,400,000

These Bonds are all printed, "payable to the Commonwealth of Pennsylvania," are not negotiable, and correspond in amount with the Auditor General's report of December, 1871, to the Legislature. See page 189.

There is also detailed in the said report a long list of old Turnpike, Bridge and other Companies' stocks, which are supposed to be of little or no value.

EDWIN M. LEWIS,
W. L. SCHAFER.

PHILADELPHIA, July 26th, 1872.

MISCELLANEOUS ITEMS.

—The new Roman Catholic cathedral to be erected in Newark, N. J., will cost over $1,000,000, and the bishop's house $250,000.

—The new Directory of Chicago will contain 130,000 names, or 20,000 more than last year. On this basis the population of the city is estimated at 455,000.

—There is an old gentleman in Houston county, Ga., who says he never had a pair of shoes until after he was grown and had become the father of two children.

—General Sherman visited the camp at Aldershott, England, the other day, and had a pleasant reception from the officers.

—A portion of the Daniel Webster homestead at Marshfield was sold on the 7th inst., at $95 an acre. The estate comprises one hundred and sixteen acres of land fronting the ocean, sloping down to the breakers.

—The first salt well in Michigan was sunk just twelve years ago. Within that time the salt manufacture has grown to be one of the leading industries of the State. So much for protection.

—At Dunbarton, N. H., the other day a hen-hawk pounced upon a brood of young turkeys and seized one of them, when the mother turkey, resenting the raid, flew into the air after her, and, at the altitude of twelve or fifteen feet, bravely gave battle. After a severe combat the turkey came off victorious by releasing her young and putting her enemy to flight.

—The number of German emigrants arrived at New York last month was 11,335, an increase of 2,616 over the corresponding month of last year. The total since January 1, is 78,386, an increase of 36,721 over the same period last year.

—An india-rubber washing-machine factory has been erected in Espy, Pennsylvania, by Thomas W. Edgar, at a cost of $20,000, the first and only establishment of the kind in the United States. It will go into operation on the first of September.

—A Western publisher lately gave notice that he intended to spend fifty dollars for "a new head" for his paper.—The next day one of his subscribers dropped him the following note: "Don't do it—better keep the money and buy a new head for the editor."

—The Methodist Episcopal Church North, since the war, has established ten conferences in the South, with a membership of 162,000 persons, 767 travelling, and 1,600 local preachers.—The value of the church property and schools is estimated at $1,300,000.

—Mrs. Phœbe Rice, probably the oldest lady in Virginia, died at the residence of her son-in-law, Mr. Isaac H. Butterworth, near Lynchburg, on the 8th instant. She was a native of Campbell county, Va., and was born in 1769, and was therefore one hundred and three years of age at the time of her death.

A NEW CANDIDATE FOR PUBLIC FAVOR.

THE NEW **VICTOR SEWING MACHINE!**

THE NEW **VICTOR SEWING MACHINE!**

BY ONE WHO KONWS:

A good sewing Machine I long have sought,
And tried them all but found it not,
Until the New Victor it came out,
And now I have one without a doubt.

It runs so easy and sews so nice,
I would not be without it for any price.
Its self-setting needle is so neat,
And everything else is most complete.

It sews through thin, it sews through thick,
And when you sew it never sticks,
So when you sew, you have no trouble—
I'd have a VICTOR if it's price were double.

READ! READ! READ!

IMPORTANT NOTICE TO ALL WHO ARE IN WANT OF A SEWING MACHINE.

The New Sewing Machine VICTOR has not its equal in the world for family sewing. It is made of the finest material and of most perfect finish, and no pains or expense is spared to make the Victor Sewing Machine, in all its points, fitted to meet the wants of every family in the land.

TWELVE GOOD REASONS WHY YOU SHOULD BUY THE VICTOR:

1.—It is the only Lock-Stitch Machine that has its needle *Self-Setting*.
2.—All lost motion can be readily taken up in all its parts.
3.—The needle being *Straight*, and *Self-Setting*, much of the perplexity and trouble to new beginners is avoided, as *the needle cannot be set wrong*.
4.—It has a positive Thread Controller and Tension, which enables it to sew with equal precision, from the most delicate texture to the heaviest material.
5.—It uses with equal facility Silk, Linen, or Cotton Thread.
6.—It uses the same size thread on the under as on the upper side, and sews across the heaviest seam, or from one to many thicknesses of cloth, without change of needle, tension or thread.
7.—There are no springs or cog wheels to break and get out of order.
8.—It is the simplest and strongest family sewing machine of all the varieties now in use.
9.—Every motion is positive, and it runs light and easy.
10.—The shuttle is carried on an independent table, which prevents its wearing out, and at the same time does away with oiling, thus avoiding greasing the work.
11.—It is simple in its construction, and the *most inexperienced person* can operate and regulate it.
12.—Its price is as low as any other first-class machine, and should be tried by all who want a good, reliable machine. This new machine can be seen at the large Ware Room,

MRS. IRWIN'S BUILDING, ALLEGHENY St., BELLEFONTE, PA.

where all are invited to call and see it operate. Having confidence that the Victor will meet with public favor, we are willing, when parties desire to purchase, to send it to their homes on trial, with complete instructions how to use it. Every Machine is Warranted. Traveling Agents Wanted.

MUTUAL Fire Insurance.

The Mutual Plan guarantees to the mutually insured the greatest security for the least possible cost. The premium notes are the capital. On this no dividends are paid to the stockholders, but it is simply assessed to pay deficiencies arising after the payment of losses and expenses, which in the COLUMBIA INSURANCE COMPANY, during the total 12¾ years of its existence, have averaged but 6½ per centum upon the premium note, being lower than the rates paid in the best solvent stock companies during the same period of time. In insuring at stock rates, the insured must pronounce to himself that he pays every year enough—1st. To form an accumulated fund for emergencies; 2d. To pay large dividends to the capital invested in the Company; 3d. Runs the risk of a "Chicago fire" coming and whipping his Company out of existence. In a Mutual Company he keeps his own reserve in hand until needed, and pays no dividend to capitalists. The mutually insured, being themselves the capitalists, look after the business, its character and its agents in all places, thus protecting each other. For Insurances or Agencies, address

Summer Drinks.

Ice water should be drank but sparingly. A most excellent substitute for it is pounded ice taken in small lumps into the mouth and allow to dissolve upon the tongue. This will prove very refreshing and much more enduring in its effects.

Lemonade is a simple and grateful beverage. To make it: Roll the lemons on something hard till they become soft; grate off the rinds, cut the lemons in slices and squeeze them in a pitcher (a new clothes pin will answer for a squeezer in lieu of something better); pour on the required quantity of water, and sweeten according to taste. The grated rinds, for the sake of their aroma, should be added too. After mixing thoroughly, set the pitcher aside for half an hour; then strain the liquor through a jelly strainer and put in the ice.

Travelers who find it inconvenient to use lemons can carry a box of lemon sugar propared from citric acid and sugar, a little of which in a glass of ice water will furnish quite a refreshing drink, and one that will help often times to avert sick-headache and billiousness. Citric acid is obtained from the juice of lemons and limes.

Perry is a delicious beverage made from cherries, and will keep a year or more. Take six pounds of cherries and bruise them: pour on a pint and a half of hot water, and boil for fifteen minutes; strain through a flannel bag, and add three pounds of sugar. Boil for half an hour more; or until the liquid will sink to the bottom of a cup of water (try it with a teaspoonful of the liquid); then turn into jelly cups and cover with paper dipped in the white of an egg.

To prepare the drink: Put a spoonful of the jelly into a goblet of water, and let it stand about ten minutes; then stir it up and fill with pounded ice. Currants and raspberries made into "shrub" furnish a pleasant and cooling drink when mixed with ice water. Pounded ice is also an agreeable addition to a saucer of strawberries raspberries or currants. Pound it until it is almost as fine as snow, and spread it over the berries. With fruit it is also an excellent substitute for cream.

Water ices are always acceptable. Those made of lemon, orange, currants, strawberries, raspberries and pineapple are much improved by adding the stiff beaten whites of four eggs to every two quarts of the liquid. Put in just as it is turned into the freezer, and it will freeze in foam.—*Scribner's for July.*

HOW TO DRIVE AWAY RATS.—*No Poison Needed*: This is followed chiefly in Paris by men who make it a special business. They take a deep tub with water on the bottom, and a little elevation in the middle like an island, on which is only place for just one rat to sit on. The top is covered and has a large balance valve, opening downward, on the middle of this valve a piece of fried pork or cheese is fixed, and when the rat walks on it to get the cheese the valve goes down, drops the rat in the water, and moves back in position. A road is made from a rat hole to the top of the tub, by means of a piece of board rubbed with cheese, so as to make the walk attractive for the rats. In the course of a single night some ten or twenty, or even more rats may go down, and if the island was not there they would be found most all alive in the morning quietly swimming around; but the provision of the little island saves the trouble of killing them, because their egotistic instinct of self-preservation causes them to fight for the exclusive possession of the island, on which, in the morning, the strongest rat is found in solitary possession, all the others being killed or drowned around him.

AT Westport, Mass., as the menagerie was going through the streets, a fierce canine made an assault on the elephant. An "eye witness" says that the dog in about one minute was "spread over several yards of ground to about the thickness of sheet iron."

REPUBLICAN STATE PLATFORM.

Below will be found the Resolutions adopted by the convention which placed in nomination Gen John F. Hartranft, Hon. Ulysses Mercur, Gen. Harrison Allen and the entire State Ticket. The Resolutions were written by that clear headed and efficient Republican—Russel Errett, Esq., and have the true ring. Republicans, workingmen and all honest Democrats, can safely stand upon this platform. Let them be carried out in good faith and there need be no fears entertained in regard to the salvation and perpetuity of the government either State or national:

1. That we reaffirm our devotion to the principles of the Republican party, and our belief that the continued existence of that party is necessary to the maintenance and success of those principles. The grand and fundamental idea of the equality of all men in political rights is not professed by any other party, and can be sustained faithfully only by those who are sincerely committed to it.

2. That the adoption of the thirteenth, fourteenth and fifteenth amendments to the Constitution of the United States has not been sufficiently acquiesced in by all to render certain and secure their permanent incorporation in that instrument, and hence the administration of the government can safely be entrusted only to that party which is heartily, and beyond question, committed to them, and the policy necessary to put them into successful operation.

2. That we are now, more than ever, called to sustain the policy of national protection to American industry. If the laborer is worthy of his hire, and a fair day's work entitles the worker to a fair day's pay, we must continue to throw the protecting arm of the government around those who toil for their daily bread. The protective policy alone makes labor contented and capital secure. It renders employment certain, and pay ample and satisfactory; whilst free trade means that our laborers and mechanics must either work for lower wages or that our factories should be closed through foreign competition, and the workingmen of the country deprived of employment.

4. That the public lands belong to the people, and should be reserved for the people. We, therefore, pronounce most decidedly against any further appropriation of the public lands in behalf of corporations or individuals. All lands not sold according to law should be open to preemption and actual settlement.

5. That we demand a continued adherence to the policy hitherto pursued, under Republican auspices, in our State and in the nation, of a steady and gradual reduction of the public debt. The interests of the people require that the most rigid economy should be practiced in the administration of both the Nation and the State governments, and that taxes should be reduced in both as rapidly as is consistent with the honorable maintenance of the public credit, and the certain extinguishment of all the public debt.

6. That we are earnestly in favor of the earliest possible removal of the duties on tea and coffee, and urge the prompt passage of the bill for that purpose now before Congress.

7. That we heartily approve of the act of Gen. Grant in giving a trial to the plan of civil service reform. We demand that the plan, or any other that may be substituted in its place as better, shall have a fair and unembarrassed trial, that every effort shall be made to secure competent men for public service, and that honesty and incorruptibility shall be deemed qualifications as essential as competency and intelligence.

8. That the Republican party has given full evidence during the past eleven years of its ability to administer the government honestly, faithfully and successfully. It has, within that time, maintained the honor of our National flag at home and abroad; preserved the Union from disruption and restored it in its integrity; secured to all classes and conditions of men the rights given to them by their Maker, and having proclaimed liberty throughout all the land, unto all the inhabitants thereof, has given to that proclamation the full effect to which it was entitled; and we therefore, in its name, claim from the people a continuance of their confidence, and fearlessly challenge their scrutiny into its acts.

9. That we point with pride to the record of Gen. Grant's administration of the National Government. Not only has the weight of internal taxation been almost wholly removed from the people's shoulders, but three hundred millions of the national debt have been paid off—a result never before attained by any other people under like circumstances, and for which we are indebted to the rigid honesty, strict economy and sterling integrity which the President has brought to the administration of a national affairs.

10. That we present his name for renomination to the Presidency, confident that the people will again rally to the support of the man who so nobly fought their battles; who, under the guidance through its struggle to maintain its existence, and who has since so successfully administered the affairs of the government as to command general admiration, at home and abroad.

11. That we will stand by the government in the foreign policy so firmly marked out and adhered to by President Grant. The honor of the nation, we feel, is safe in his hands, and the flag under which he never suffered defeat, will not be dishonored while he is kept in the front.

12. That we congratulate the people of Pennsylvania on the final accomplishment of the call for a convention to revise and amend the Constitution of the State and we earnestly urge upon our friends to see that delegates are chosen in their respective districts committed to the policy of incorporating in that instrument a clear and decisive prohibition of special legislation.

13 That we hereby declare our opposition to every effort to withdraw from the sinking fund of the Commonwealth, either by substitution, exchange or otherwise, any of the bonds, securities or moneys now pledged to it, and through it to the payment of the public debt of the Commonwealth, and our inflexible determination to preserve the same, Inviolably, for the fulfillment of the Commonwealth's obligations.

14. That the oil producing, mining, lumbering and manufacturing interest of the State require protection from the efforts of dangerous combinations, and that such laws should be enacted by the General Assembly of this Commonwealth as will protect said interest, both in their development and the transportation of their productions to market.

15. That the thanks of our party are due to Governor John W. Geary, under whose lead our principles have twice been successfully vindicated in Pennsylvania; the State debt has been reduced during his administration; our soldiers orphans have been carefully cherished and educated; and our laws have been efficiently and wisely enforced. Under the necessity of parting with him as Governor, in conformity with the Constitution of the State, Governor Geary carries with him in his retirement the heartfelt wishes of its people for his future prosperity and happiness.

16. That we present with peculiar pride and especial confidence of their success, the names of Gen. John F. Hartranft for Governor, Ulysses Mercur for Supreme Judge, Gen. Harrison Allen for Auditor General, and the gentlemen this day named for delegates at large to the Constitutional Convention. They are all men worthy of an active and ardent support at the hands of the Republican party, and we call upon our friends throughout the State to rally as one man to secure their triumphant election.

17. That the President of this Convention, in connection with the candidates this day nominated for State officers, appoint the chairman and one Secretary of the State Central Committee, and that the State Committee be made up on the basis adopted last year, and the two years preceding.

Hoofland's German Bitters.

A Bitters without Alcohol or Spirits of any kind.

Is different from all others. It is composed of the pure Juices, or VITAL PRINCIPLE OF ROOTS, HERBS, and BARKS, (or, as medicinally termed, Extracts,) the worthless or inert portaons of the ingredients not being used. Therefore in one Bottle of this Bitters there is contained as much medicinal virtue as will be found in several gallons or ordinary mixtures. The Roots, &c., used in this Bitters are grown in Germany, their vital principles extracted in that country by a scientific Chemist, and forwarded to the manufactory in this city, when they compounded and bottled. Containing no spirituous ingredients, this Bitters is free from the objections urged against all others: no desire for stimulants can be induced from their use, they cannot make drunkards, and cannot under any circustances, have any but a beneficial effect.

Hoofland's German Tonic,

Was compounded for those not inclined to extreme bitters, and is intended for use in cases when some alcoholic stimulant is required in connection with the Tonic properties of the Bitters. Each bottle of the tonic contains one bottle of the Bitters, combined with pure SANTA CRUZ RUM, and flavored in such a manner that the extreme bitterness of the bitters is overcome forming a preparation highly agreeable and pleasant to the palate, and containing the medicinal virtues of the Bitters. The price of the Tonic is $1,50 per Bottle, which many persons think too high. They must take into consideration that the stimulant used is guaranteed to be of a pure quality. A poor article could be furnished at a cheaper price, but is it not better to pay a little more and have a good article? A medicinal preparation should contain none but the best ingredients; and they who expect to obtain a cheap compound, and be benefittad by it, will most certainly be cheated.

SPEAR FOR THESE REMEDIES.

Who would ask for more Dignified or Stronger Testimony?

HON. GEORGE W. WOODWARD, *formerly Chief Justice of the Supreme Court of Pennsylvania at present Member of Congress from Pennsylvania, writes:*

PHILADELPHIA, March 16, 1871.

I find "Hoofland's German Bitters" is a good tonic, useful in diseases of the digestive organs, and of great benefit in case of debility and want of nervous action in the system. Yours, truly,
GEO. W. WOODWARD.

HON, JAS. THOMPSON, *Chief Justice of the Supreme Court of Pennsylvania,*

PHILADELPHIA, April 28, 1867.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of indigestion or Dyspepsia. I can certify this from my own experience of it.
Yours, with respect, JAS. THOMPSON.

HON. GEORGE SHARSWOOD, *Justice of the Supreme Court of Pennsylvania.*

PHILADELPHIA, June 1, 1868.

I have found by experience that "Heofland's German Bitters" is a very good tonic, relieving dyspeptic symptoms almost directly.
GEORGE SHARSWOOD

HON. JAS. M. WOOD, *Ex-Mayor of Williamsport, Pa.*

I take great pleasure in recommending "Hoofland's German Tonic" to any one who may be afflicted with Dyspepsia. I had the Dyspepsia so badly it was impossible to keep any food on my stomach, and I became so week, as not to be able to walk half a mile. Two bottles of Tonic effected a perfect cure. JAMES M. WOOD.

REMEMBER
THAT
HOOFLAND'S GERMAN BITTERS,
AND
HOOFLAND'S GERMAN TONIC,
Will Cure every Case of
MARASMUS,
Or Wasting away of the Body.
REMEMBER
THAT
HOOFLAND'S GERMAN REMEDIES

Are the medicines you require to purify the Blood, excite the torpid Liver to healthy action, and to enable you to pass safely through any hardships or exposure.

DR. HOOFLAND'S PODOPHYLLIN,

Or Substitue for Mercury Pills.

TWO PILLS A DOSE.

The Most Powerful, Yet Innocent Vegetable Cathartic Known.

It is not necessary to take a handful of these Pills to produce the desired effect; two of them act quickly and powerfully, cleansing the Liver, Stomach and Bowels all impurities. The principal ingredient is Podophyllin, or the Alcoholic Extract of Mandrake, which is by many times more powerful, acting and searching than the Mandrake itself. Its peculiar action is upon the Liver, cleaning it speedily from all obstructions, with all the power of Mercury, yet free from the injurious results attached to the use of that mineral.

For all diseases, in which the use of a cathartic is indicated, these pills will give entire satisfaction in every case. They NEVER FAIL.

In cases of Liver Complaint, Dyspepsia and extreme costiveness, Dr. Hoofland's German Bitters or Tonic should be used in connection with the Pills. The tonic effect of the Bitters or Tonic builds up the system. The Bitters or Tonic purifies the Blood, strengthens the Nerves, REGULATES the Liver, and gives strength, energy and vigor.

Keep your Bowels active with the Pills, and tone up the system with Bitters or Tonic, and no disease can retain its hold, or ever assail you.

Recollect that it is DR. HOOFLAND'S GERMAN REMEDIES that are so universally used and highly recommended; and do not allow the Druggist to induce you to take anything else that he may say is just as good, because he makes a larger profit on it. These Remedies will be sent by Express to any locality, upon application to the PRINCIPAL OFFICE, at the GERMAN MEDICINE STORE, 631 Arch St., Philadelphia.

Auctioneer.

AUCTIONEER.—Samuel Parker offers his services to the people of Bellefonte and Centre county, as Auctioneer. He will cry all sales entrusted to him at reasonable prices. Address SAMUEL PARKER,
n3-42ly. Bellefonte, Pa.

THE Boston *Advertiser* makes the following pertinent remarks, calculated to arrest the attention of Republicans contemplating going into the Greeley-Tammany coalition: "Search the Greeley party, and you find the Democracy.—Here they are again up and doing, the very smell of plunder starting them out of their twelve years' swoon, like hartshorn under the nose of a lady in a faint. They are the same both in what they have and what they have not. Greed, ambition, love of excitement, they have; positive principles, either ethical or political, they have not. What the Democratic managers propose is, not to promote the well-being of American politics or industry; not to purify and strengthen the power and efficiency of the law; not to diminish and prevent vice and crime; not to confirm and enlarge the liberty and intelligence and law-abiding obedience of the citizen.—They mean to make Mr. Greeley President now, and, with the notorious weakness of their executive in emergencies to help them, so to manipulate the government as to make John T. Hoffman, or as pronounced a representative of their opinions, President in 1876.

THE Northern Pacific railroad is completed and running from Duluth to the Eastern border of Dakoto, a distance of 252 miles: the track is laid and construction trains now run a considerable distance westward across Dakota; three-fourths of the 200 miles, between the Red river and the crossing of the Missouri, is graded; track-laying is progressing at the rate of nearly two miles a day, and about the middle of October the road is to be completed and in operation to the Missouri river, 200 miles from the west line of Minnessota, and 452 miles west of Lake Superior.

THE Selma, Ala., *Times* says: "Gloomy reports of the cotton crop continue to reach us, and we do not think the crop of this section of the country will be more than one-third of the crop of 1871. In many plantations there will be a total failure, and but few planters will pay expenses. The condition of thousands is lamentable, and many during the next year will be reduced to great extremities."

VINEGAR BITTERS

VEGETABLE — FREE FROM ALCOHOL — PURELY — DR. WALKER'S CALIFORNIA — EUREKA — VINEGAR BITTERS

Vinegar Bitters are not a vile Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the system, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain longun well, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver and Visceral Organs and in Bilious Diseases.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-Head, Sore Eyes Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual on the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like these Bitters.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Typesetters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS twice a week.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of DR. WALKER'S VINEGAR BITTERS are the best safe-guard in cases of eruptions and malignant fevers, their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, etc.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Directions.—Take of the Bitters on going to bed at night from a half to one and one-half wine-glassfull. Eat good nourishing food, such as beef-steak, mutton chop, venison, roast beef, and vegetables, and take out-door exercise. They are composed of purely vegetable ingredients, and contain no spirit.

Rev. J. P. Hughes, Principal.

Axe-Factory.—J. B. Hahn & Co., are doing a very extensive business at their Axe factory in Milesburg. We will have more to say in regard to this establishment soon.

A lady desiring a situation in a Sewing Machine office, can hear of a good place by calling on Zimmerman Bros & Co., Bellefonte. Agents for the Celebrated Singer Machine. 33-2t.

Bush Meeting.—There will be held on the 30th, of August, in Holts Hollow, near the residence of Adam Kreps, in Boggs twp., a Bush Meeting, by the United Brethren in Christ. The place of holding the meeting is about two miles from Milesburg.

Tub Race.—Another grand tub race will come off on Saturday afternoon, the 24th inst. It will certainly be a very funny affair. Let our fun loving citizens turn out in their strength. It will be better than two circus shows with the elephant throwed in.

No person should ever complain of Lame Back, Neuralgia, or even suffer any pain when they can obtain that popular medicine, Pain Cure Oil. Those that use it cannot help recommending it to their suffering friends. Sold wholesale by F. P. Green, Druggist, Bellefonte, Pa.

The "*Excelsior Society*," (Gentlemen) of the Centre County Normal School, will give a public literary entertainment and paper reading, on Thursday evening, Aug. 22d.

The "Eureka Society" (Ladies) will give a similar entertainment one week later—Aug. 29th.

The public are invited to attend.

Delegate Elections.—The Republicans of Centre County will please remember that Saturday next, the 24th inst., is the time appointed for electing Delegates to the county Convention. Let there be a full delegation from every district in the county, and let the delegates come to the convention with a determination to place a ticket in the field composed of our very best men.

Attention.—The delegates to the County Convention will please notice that part of the Chairman's call which requests them to furnish the President of the Convention with a list of five of the most active Republicans in their respective districts to compose the vigilance committees. It is very important that this should be attended to in order that a complete organization may be affected throughout the county as soon as possible.

Enterprise.—Wm. S. Wolf & Son authorize us to say that they now have on hand at their Tin Store, on Allegheny street, opposite the residence of the late Hon. Jas. T. Hale, the largest and best assortment of Tinware ever offered to the people of Centre county. Tin Buckets of a superior quality are now offered by them. Fruit Cans, Milk Cans, Dish Pans, Tin Cups, Stove Pipe, and Sheet Iron Ware of all kinds constantly kept by them. Spouting made to order and put up on the shortest notice.

New Pavement.—A much needed improvement is now being made in the shape of a new pavement on High St., in front of the marble yard of Mr. Felty and the gents' furnishing store and tailoring establishment of Wm. S. Tripple. This is a much needed improvement. Indeed the old board pavement was not only unsightly but dangerous to pedestrians. The concrete pavement takes the place of the old one and will be a decided improvement. We would be pleased to see all the board walks replaced by the concrete pavement.

[For the Republican].

Curtin chairman. John I. Rankin was elected Secretary. The report of committees appointed at the last meeting, were called for, when James H. Rankin Esq. chairman of committee on constitution and by-laws, reported a constution and by-laws drafted, and read the same. On motion article 1st of the constitution was amended, so as to read, the "Grant, Wilson & Hartranft Club" in stead of "Grant and Wilson Club." The constitution and by-laws as amended were then unanimously adopted.—Seventy names were inmmediately signed to the constitution and by-laws. The committee on permanent organization, reported the following named officers, all of whom were unanimously elected. President Roland Curtin, Vice Presidents Capt. M. Runkle and Calvin T. Garbrick. Secretary Jno. G. Love, Treasurer Moses Montgomery, Executive Committee John Irwin Jr. J. H. M'Clure, E. M. Blanchard, David A. Ruhl and James H. Rankin. On motion Hon. Wm. P. Wilson was called upon to address the meeting, which he did, showing the false position of the democracy, and gave encouraging reports from other portions of the country through which he had recently traveled, in favor of the State and national ticket. O. H. Bartlett Esq. of Towanda Pennabeing present, was introduced as the next speaker. He referred to the healthy state and prosperous condition of the country under Grant's administration; the uncertainty of Horace Greeley's whereabouts in the political arena; his extreme views of policies and measures, showing clearly that he would make a very unstable and unsafe president for the American people. Mr. Bartlett informed us that Bradford, county was all square on the record, and that she would do more for the Republican State and National ticket than she had ever done before. His address was a good one, and well received. On motion, E. M. Blanchard, G. M. Yocum, Maj. Geo. A. Bayard Levi A. Miller, H. D. Yeager, D. K. Tate, and Daniel Rhoads were appointed a Committee to make arrangements for a grand Republican meeting to be held on Wednesday evening of Court week, August 28th. Gen. Charles Albright and W. T. Haines, eminent Speakers will be present. The meeting then adjourned to meet in the Wigwam on Saturday evening August 24th inst, at 8 o'clock.

Ominous.—That the Greeleyites are destined to an ignominious defeat in the coming elections, we want no better evidence, than the fact, that it is impossible for them to secure a flag in any position that it will not come down. The Old Flag refuses to wave for such supporters and in such company. A short time ago, the Greeley flag in this place came down bringing with it one of the chimnies of the Bush House to which it was attached. Others in different parts of the County have fallen. The last one, of which we have heard, fell at Muscatine, Iowa, on the 17th inst. A man by the name of Shirley, was severely injured. We would advise our readers and especially the Democrats to have as little to do as possible with Greeley. His cause is a bad one. The Old Flag never was a favorite of his. He once called it a "flaunting lie" and now when it suits his selfish ends he professes to love it. It will not do gentlemen. His cause is a hopeless one, and the very fact that the flag wherever furled will come down, tearing chimnies, &c., with it, is Ominous indeed.

Grant saved the flag, for him it waves,
It decorates our Soldiers graves; For
Wilson and for Hartranft too, Forever
wave Red, White and Blue.

Amy Stone's Dramatic Alliance appears at Reynolds' Hall on Wednesday evening, August, 28., in "Cigarette; or, the Little Leopard of France." The Easton *Free Press* says of the Company:

A crowded house last night welcomed Amy Stone back to Easton. The troupe which supports the well known actress numbers seventeen first-class comedians and last evening in the military drama of Cigaretta played exceedingly well.—The drama is of the French school and is highly exciting, and several of the scenes and tableaux given an opportunity for the display of exceedingly good acting on the part of this accomplished actress. The troupe appear in the Opera house at Allentown, whence they leave for Reading. The orchestra which accompanies it is very ably conducted by a late member of the Grenadier Bank, which won such distinction at the Boston Jubilee. We wish the troupe a successful tour.

For the Republican.

Bellefonte, Aug. 18, 1872.

Editors Republican:

Sirs:—You will please give me room enough in your valuable paper to reply to the inquiry in last week's *Watchman* about Senator Sumner's letter. The *Watchman* said that there was a Grant and Wilson Club which held meetings in the negro church, with Meshic Graham as President; and wants to know what Meshic thinks of Sumner's letter. We, on behalf of the Executive Committee of the Grant and Wilson Club, will take it upon ourself to answer the *Watchman's* question.

Mr. Sumner's letter would have had great effect on the colored people of the United States, could they see that Mr. Sumner's object was out of a pure motive; but they seeing that it did arise out of jealousy and knowing the course which Mr. Sumner has taken, he is gaining but very little sympathy with the Republican party, and a great deal less with the colored people. While we know that Mr. Sumner has done a great deal of good for our people, can we put any confidence in a man who first told us never to forsake the party which gave to us the right of suffrage, and now tells us to vote for Horace Greeley, the candidate for President on the Democratic ticket,—a man that has given up principle and dignity, and forsaken his tried and true friends to mingle with those, who have opposed his every movement? Can Mr. Sumner tell us in true faith [and he (Mr. Sumner) claiming to be a man of sound Republican principles,] to vote with the party that kept us in a state of degradation for two hundred years; during which time the slave in the South suffered inexpressible torture, and we of the North suffered but very little less. While we were not driven to the cotton field at sunrise, and there compelled to work until sunset, we were denied the privilege of riding in any public conveyance, and denied the privilege of sending our children to public schools after paying an enormous tax. We must say that Mr. Sumner is not the man that he was one year ago, and, as he is not, we leave him until he shall return to his forsaken principles, while we take a retrospective view of our past life, and look with an eye of imagination for our future happiness, we are compelled to vote for Grant and Wilson, and, in fact, the whole Republican ticket. Run Off.—On Saturday last, the team of Mr. Gentzle, who resides on one of S. S. Lyon's farms broke loose, and started to run. The horses were hitched in front of the residence of Roland Curtin, Esq., from this place the horses (two in number) ran to the diamond full speed with spring wagon attached; thence down Allegheny street, running against the buggy of Henry Fishburn and tearing the top off another buggy in front of the grocery store of Messrs. Ruhl & Gault. Mr. Fishburn, wife and a little girl were in his buggy when it was whirled around and the wheel broken; but neither of them sustained any injuries. It being Saturday, and the street rendered almost impassible by the number of buggies, carriages and wagons standing from the Diamond to Bishop street, the wonder is that the damage was so small. It is a mystery to us how the runaway horses got through without killing several people and breaking up a greater number of vehicles.

One of the runaway horses fell down on the corner of Allegheny and Bishop streets in front of the Butts House, which brought the other to a dead stand. The wagon was badly broken; but the horses, we believe, sustained no injury. Farmers, should never leave their teams on the street, without first satisfying themselves that they are securely fastened or hitched.

The State Fair at Erie.—The Annual Fair of the Pennsylvania Agricultural Society, at Erie, in September, says the Harrisburg *Telegraph*, promises to be one of the largest and most successful ever held. The grounds are elegantly located, and embrace about thirty-five acres, about one mile from the city. They can be reached by the Lake Shore Railroad, and also by the Pittsburg and Erie Railroad. A beautiful road for driving, one hundred feet wide, is open to the grounds. New buildings have been erected, four of which are 250x30 feet. The building intended for the Home Department is 250x45 feet; there are also two tents 110x90 feet for floral and agricultural displays. A new and elegant track has been laid out, and is nearly completed. A large number of applications for space have already been made to the committee. The prospects were never more flattering so early as they are this year. The society has raised its premium list twenty per cent., and offer the sum of $15,000 in premiums.

Dedication.—The New Baptist Meetinghouse in Eagleville, Centre Co., Pa. will be dedicated to the worship of God, on Sunday the 1st day of September. The public in general are invited to attend.

How to go West.—This is an enquiry which every one should have *truthfully* answered before he starts on his journey, and a little care taken in examination of Routes will in many cases save much trouble, time and money.

The "C., B. & Q. R. R.," running from Chicago, through Galesburg to Burlington, and the "I., B. & W. Route," running from Indianapolis, through Bloomington to Burlington, have achieved a splendid reputation in the last two years as the leading Passenger Routes to the West. At Burlington they connect with the B. & M. R. R. and from the great Burlington Route, which runs direct through Southern Iowa to Nebraska and Kansas, with close connections to California and the Territories; and passengers starting from Centre County, on their way westward, cannot do better than to take the Burlington Route.

"This Line has published a pamphlet called "How to go West," which contains much valuable information; a large correct map of the Great West, which can be obtained free of charge by addressing the General Passenger Agent B. & M. R. R,, Burlington, Iowa. no-28-4-mo.

Man Missing.—Mr. Joseph Miller, who left Allentown on the 23d of April last, intending to go to Europe, has not since been heard of. His friends have written twice to Mr. Charles S. Massey, and are anxious concerning him, as he wrote them he would start for England about that time. Mr. Massey paid Mr. Miller $552 the day before he left Allentown, which money he had saved for the express purpose of going to London, England. It is very strange that nothing has been heard of him since, and the fact gives his friends great anxiety. Mr. Miller is a tall, light complexioned German, wore a moustache and goatee when he left, slightly bald, and is by trade a watchmaker. He came to this country in December, 1867, and his mother is still living in Manheim, Baden. Exchanges please copy.

Centre County Agricultural Society's Scholarship in the Agricultural College of Pennsylvania.—As from the report of the examining committee, it appears that the competitors for the scholarship, although promising boys, have failed in coming up to the requisitions necessary to enter the Freshman's Class, the examination has been adjourned to Friday, the 23rd day of August, inst., when competitors are again invited to present themselves at the College, for examination in the following branches: Orthography, Reading, Penmanship, Geography, (Political and Mathematical) English Grammar, Mental and Written Arithmetic, and Elementary Algebra to Quadratics.

——Captain S. G. Nickee, a prominent and influential editor and leader among the Ohio Democracy, and who has labored with the party for twenty-five years, has come out in support of the Republican candidates, national and local. Of Mr. Greeley, he says: I for one do not choose to cast my vote for this man who did much to demoralize the party to which I belonged, and who has labored since 1836 to convince the world that all Democrats were knaves, poltroons and horse thieves. As I have no party or organization with which to sever my connection, I feel that I have no sacrifices to make, and I shall vote for General Grant and the whole Republican State and county tickets this fall."

Early Democratic returns from North Carolina giving Merriman ten thousand majority:

"The election was the most peaceful and orderly ever held in the State, and remarkably free from irregularities."

Later advices foreshadowing Caldwell's election:

"The election was boisterous and altogether irregular. The Republican majority is due to fraud."

Anything to beat Grant!

A new variety of cotton, of remarkable productiveness, has been developed by cultivation. The squares and blooms grow in clusters and very thick. A very large proportion of the bolls are double—that is, two bolls are produced from the same square. This tendency to doubling is exhibited throughout the plant, and stalk and limbs of many specimens seem to take on the same characteristic.

The Allegheny river, between Tidionte and Oil City, is full of rafts beached on the head of islands or other shallow places in the stream. There are upward of thirty between the places mentioned, whose aggregate value will probably reach $1,000,000.

THE LESSON OF 1861.

Suppose Charles R. Buckalew, says the *North American*, had been Governor of Pennsylvania when Abraham Lincoln called for seventy-five thousand volunteers to quell the slaveholders' insurrection, does any man doubt that he would have caused this good old Commonwealth to make a very different history for herself than that she caused to be recorded under the administration of Andrew G. Curtin? That appeal, remember, was made to the States as States. It so happened that nearly every free State was officered by Republicans. We all remember how nobly the free States responded. It was, and continues yet to be, cause of pride and gratulation that the action of the Governor of Pennsylvania was so prompt and sagacious that the reaction of Bull Run was stayed thereby. Does any man believe that the famous Pennsylvania Reserve Corps would have had an existence had Charles R. Buckalew been the Governor to whom the President's appeal was made?

We have only to regard the response to that appeal made by Democratic governors in the border and southwestern States, and we are sufficiently answered. "The militia of Virginia will not be furnished to the powers at Washington," replied Governor Letcher. "I can be no party to this wicked violation of the laws of the country," replied Governor Ellis, of North Carolina. "Tennessee will not furnish a single man for coercion, but fifty thousand, if necessary, for the defence of our rights and those of our brethern," replied Governor Isham G. Harris. "I say emphatically that Kentucky will furnish no troops for the wicked purpose of subduing her sister southern States," replied Gov. Magoffin. "The President's call is illegal, unconstitutional revolutionary, inhuman, diabolical, and cannot be complied with," replied Gov. Jackson, of Missouri. "The laws of the State do not confer upon the Executive any authority allowing him to comply with such a requisition," replied Gov. Burton, of Delaware. "I will suffer my right arm to be torn from my body before I will raise it to strike a sister State," said the Governor of Maryland. Is it necessary to go further in these quotations, to show the action of nearly every State under Democratic control in that hour of great peril?

To know what Mr. Buckalew would have done had he been Governor of Pennsylvania in that emergency, we have only to note what he did do as a citizen and as a Senator. Neither as citizen nor as Senator did he attempt to strengthen the hands of the State or Federal government during the four years of war for national life. He was the apologist for the southern wing of the Democratic party in arms against the Union, and the willing defender of men who strove to embarras the government by discouraging enlistments and resisting the drafts. Had he been in a position to split hairs touching the right of armed regiments from other States to pass through Pennsylvania to the defence of the capital, who can say that he would not have submitted six columns of protest to the invasion of Pennsylvania? He was in perfect political accord with such Democrats as Mayor Brown and Marshal Kane, of Baltimore. So late as 1864 he was in secret communication with rebel emissaries, though at the time a Senator of the United States.

No man who was against us, or who occupied a doubtful position during the rebellion, can be trusted with the control of State affairs. Nor is this harsh judgment. The tories were never admitted to positions of trust and honor after the Revolution. Morally and practically Mr. Buckalew's attitude toward the government from 1861 to 1865 did not differ essentially from that of the tories toward the confederation. If it be said that no emergency like that of 1861 will again arise in national affairs, we reply that no man can forereach time and decide that. No such emergency was believed likely to arise when in 1860 Andrew G. Curtin was elected Governor. And so the people of this Commonwealth wrought wiser than they knew, and prepared the State for a glorious page in history. As citizens, having the honor of Pennsylvania in keeping, we are called upon to act up to the highest wisdom of to-day, and the highest wisdom of this day is the average experience of the last twenty years brought to bear upon present political action.

We all know that Gen. Hartranft never betrayed a trust in him. We know that he would rise to the level of any emergency that has arisen or may arise. Never for a moment was his position doubtful during the war. As an executive officer he ranked high among generals. As a cool, determined, brave man his record is without spot or dimness. Twice the people of the State elected him to the second highest place in their gift, and he has proved entirely worthy of their confidence. He is no new man, no stranger, offered for the suffrage of Republicans. To bestow upon him the high trust for which he is named is not to essay an experiment. The experiment of trusting General Hartranft has been tried, and he has not been found wanting. To labor for his preferment is an agreeable duty, and to congratulate him in the hour of victory will be the pride of true patriots.

It had been on the wing seven and a half hours without rest.

SPECIAL NOTICES.

HON. GEORGE SANDERSON,

Mayor of the City of Lancaster Pa., writes: "Mishler's Herb Bitters is extensively known and used, and so successful are its curative powers that it has become as familiar as a Household Word and a necessary addition in the medical requirements of every family. Having used it myself and knowing others who have used it with beneficial results I can only add that in my opinion it is the best remedy ever introduced for the cure of the numerous ills to which flesh is heir."

HON. THADDEUS STEVENS M. C.

Recommending Mishler's Herb Bitters to a friend, pronounced it the most *wonderful combination* of medicinal herbs he ever saw.

☞BY ONE OF THE LEADING PHYSICIANS of Philadelphia city.—A careful examination of mortuary statistics establishes the fact that one adult person out of every six dies of consumption, and so alarmingly is this disease gaining the ascendancy over all other ills to which flesh is heir, that its approach to one's immediate circle is regarded with perfect horror. If you will carefully examine the records of Materia Medica you will invariably discover that the general want of success in treating diseases has not been a deficiency of pathological knowledge of the functions affected, but of a suitable compound that would act upon the disease and all the sympathetic affections.

This want has at last been met in the Bitter Wine of Iron, prepared by the celebrated Dr. E. F. Kunkle, No 259 North Ninth street, Philadelphia. This excellent compound can be taken by persons with the most delicate stomach without any debilitating effect always giving strength and largely increasing the nervous energy of the patient. In all cases of pulmonary complaints it is admirably adapted to relieve the severity of the symptoms in the advanced stages of the disease, or to arrest it in its incipiency. If you want something that will give you strength, a good appetite, build up your constitution, and in place of moroseness and a lack of energy, give you a brisk and vigorous feeling, try Kunkel's Bitter Wine of Iron. It has already received the meed of praise from thousands who have tested its virtues, and for many years maintained its reputation with unfaded popularity.
